GRADUATE HERE TODAY. ENROLL THERE TOMORROW!

TRANSFER CREDITS FROM A TECHNICAL COLLEGE

We're making it easier for you to get to your ultimate educational destination, should you choose to pursue another degree or credential after graduating from a Technical College System of Georgia (TCSG) institution. Articulation agreements between the Board of Regents and the TCSG have enhanced how TCSG students are able to pursue baccalaureate degree opportunities at University System of Georgia (USG) institutions. Twenty-eight (28) general education courses are now transferable to USG institutions from TCSG institutions accredited by the Southern Association of Colleges and Schools Commission on Colleges for credit in the core curriculum, the basic courses all students must take to earn a degree.

USG institutions and TCSG institutions will accept the following general education courses for transfer between their respective institutions.
